DEVELON Protection Plus Extended Warranty

The Protection Plus[®] extended warranty plan from DEVELON allows you to purchase additional protection on the full machine, powertrain or powertrain plus hydraulics. It goes well beyond the scope of the standard DEVELON warranty.

Up to 240 different plans are available to give you a total of up to 72 months or 10,000 hours of protection against deficiencies in materials and/or workmanship.

Work With Confidence

Peace of Mind

For a small investment, you can protect your DEVELON machine with additional warranty coverage that minimizes your repair costs. If machine issues do occur, you know in advance that you are covered, which allows you to avoid unplanned expenses. It not only gives you an extended sense of security and peace of mind; it makes good business sense.

Risk Management

By providing a comfortable shield of protection against repairs due to failures in materials or workmanship, an extended warranty greatly decreases your exposure to financial risk.

No Deductible

Your Protection Plus policy covers the costs of parts and labor, with no deductible required.

Higher Resale Value

If you sell the machine, any remaining Protection Plus coverage can be transferred to the new owner for a minimal fee. A machine with Protection Plus coverage — even if the policy is expired — will likely be perceived by a potential purchaser as having added value because of the superior care and maintenance provided by the original owner — you.

Backing From DEVELON

We have confidence in our products and stand behind them with the Protection Plus extended warranty, which is fully backed by DEVELON. With Protection Plus coverage on your equipment, you can be as confident in your machine as we are.

About Your Protection Plus Coverage

How does the Protection Plus extended warranty differ from the standard DEVELON warranty?

Your new DEVELON machine already includes a standard factory warranty of 36 months or 5,000 hours*, whichever comes first. It's included at no extra cost. It's an assurance from us that your DEVELON equipment will perform as promised, and it's backed by our decades of construction equipment manufacturing and leadership in the industry. The Protection Plus warranty goes a step further than the standard warranty, allowing you to purchase up to 72 total months, or up to 10,000 total hours, of warranty protection for the powertrain, the powertrain plus hydraulics or the full machine.

**12 months or 2,000 hours for articulated dump trucks with additional powertrain and hydraulic coverage for 36 months or 5,000 hours. 12 months or 1,500 hours for material handlers with additional powertrain and hydraulic coverage for 36 months or 5,000 hours.*

The DEVELON Protection Plus extended warranty provides an easy way to protect your cash flow from unplanned expenses and customize the coverage to fit your needs.

- Includes factory-backed parts and labor coverage as specified by DEVELON
- Coverage that is honored at any authorized DEVELON dealer
- \$0 deductible
- Transferable when you sell or trade your machine

You may purchase Protection Plus up to 12 months after taking delivery of your DEVELON machine.

When does the extended warranty expire compared to a standard warranty?

Time periods include the original standard warranty of 36 months. For example, a 60-month Protection Plus plan provides an additional 24 months of coverage beyond the standard warranty's 36-month time period for a total of 60 months.
